Introducing Eagle Floats TM

We would like to introduce our newest product **EAGLE FLOATS TM**. Hendren Plastics has been in the flotation business for over 25 years. We have now entered the encapsulated float market because of the large number of requests from our customers.

Utilizing new state of the art equipment, our floats will be the finest quality on the market. Our Computer Aided Design process ensures that our floats will have maximum strength and buoyancy. We warranty our floats for 15 years (see attached warranty) because of the confidence we have in their durability.

Hendren Plastics is offering aggressive pricing (see attached price sheet) as we enter this market. We encourage you to look over the attachments to this letter showing you our pricing, buoyancy and pictures of our machinery, products and testing.

Please call us at 479-787-6222 for more information.

Thanks for your consideration,

Jim Hendren
